COIN BULLETIN

Dear Sir:-

For years past we have been dealing in Coins as part of our general business, but on account of the tremendous increase in this branch we have found it necessary to establish a new department to deal in COINS EXCLUSIVELY.

The Coin Department will carry an extensive and assorted stock of coins, domestic and foreign; we would especially draw your attention to the large variety of United States coins on hand, and particularly the gold series from the first issue to date.

We shall be glad to hear from those who are interested in a special series or particular branch so that we may keep them in touch with any offerings along their line of interest.

Our prices and services will be uniform no matter in what section of the country you may be, and no transaction will be considered as consummated until our client is entirely satisfied.

Our terms are the same as hitherto - STRICTLY CASH. All coins sent to us will be accounted and paid for by return, and if any coin sent to you is not as represented you have the option of returning it to us and your money will be refunded.

Every month hereafter you will receive our "Bulletin of Announcements and Information of Interest to Collectors".

So far as our financial responsibility is concerned, we would refer you to any Bank in this country.

Very truly yours,

G U T T A G B R O S .

COIN BULLETIN

No. 5.

May 2nd, 1923.

THE MOST INTERESTING COIN OF THE ENTIRE U. S. SERIES.

"THE CENT"

OBVERSE: An eye forming the center of a glory of 13 points, the points intersecting a circle of 13 stars.

Legend: "Nova Constellatio."

Border: Beaded.

REVERSE: A wreath enclosing the letters "U.S." and the figures "100."

Legend: "Libertas Justitia 1783."

Border: Beaded.

METAL: Silver.

SIZE: Size of a dime.

There are many coins which dealers call very rare and extremely rare, but the coin we describe herein is practically unique as it is the only one obtainable at any price. It is far more desirable than the BRASHER Doubloon or 1822 Half Eagle. We consider it the gem of the entire United States Series as it is the foundation upon which the present decimal coinage was raised.

A postage stamp sold recently for about \$35,000.--- in comparison to which, from every view point, this coin should be worth \$100,000. Of course, we do not expect to obtain a price anything like the price of the stamp referred to, but we feel sure that at some future date, this piece will bring more than the rarest postage stamp.

Please do not take our word for this - ask any Numismatist. Not more than one dealer ever owned this rare United States Coin or sold it at Auction.

We are going to give everyone in the United States the same chance to buy this rarity, and, therefore, we shall not sell it until May 23rd, three weeks from above date. If you are interested we should be pleased to hear from you before that date, thus giving everyone interested a chance to communicate

Why we don't quote prices on our list, or issue a "regular" selling price is an inquiry very often received. To do this we have found would be impractical as our stock is so very large and is continually moving and undergoing changes. We suggest that you forward to us a list of your wants; we can then quote you the prices YOU desire, by return mail. All items are sent out on one week's approval - whether it be one coin or a thousand. Any coins whatsoever which prove unsatisfactory may be returned and your money refunded as we consider the transaction complete until our client is entirely satisfied. Send us a list of your wants TODAY!

## SERVICE THAT'S DEPENDABLE

Although new, our COIN Department is at your service at all times. It is our desire to help each and every collector on our list. Remember, if YOU want to use this Bulletin in an emergency, whether you are a Collector or a Dealer, it is at your service, free. It can be set up at one day's notice.

We are open for suggestions, for we know there is room for improvement. Show us you are interested in the Bulletin. HOW CAN WE SERVE YOU?

ANCIENTS.

We are constantly receiving Roman and Greek Coins, and although we are not listing them on our "Bulletin" we would like to hear from any collectors who are interested in same, so that we can send specimens to them on approval. We do not expect to carry a very large stock of this Series, but those which we will handle will be most desirable specimens which we feel collectors really want, and the prices will be reasonable.

Don't forget to write us if interested!

CENTRAL AND SOUTH AMERICA.

We have a large stock of Central and South American Coins in gold, silver, and copper and are anxious to hear from everyone who is collecting this series. Since opening our Coin Department we have added some very choice pieces to our stock.

We have the piece for which YOU are looking.

CIVIL WAR TOKENS AND TRADESMAN'S CARDS.

A book is now on the press, which although a first edition, will for completeness be far superior to any work that has been published on this subject in recent years.

The authors, Dr. George Hettrich, of Pirdmore, Pennsylvania, and Mr. Julius Gutttag, of New Rochelle, N. Y., have compiled this book after many years of study and investigation of Civil War Tokens and Tradesman's Cards. They have spared neither time nor expense in its compilation. It will contain 16 plates with over 650 photographs of these very interesting tokens, besides a text of 275 pages, - a welcome and worthy addition to any Numismatic Library.

The expense involved in preparing this publication has been very large, and the publishers are anxious to learn, as closely as possible, the approximate number of copies which will be required. Three editions will be published, as follows:

- First: The Edition DE LUXE, numbered and limited to 25 copies, to cost about \$25.00 each.
- Second: A Cloth Bound Edition to cost about \$7.50 per copy
- Third: A Paper Covered Edition to cost about \$4.00 per copy

Note: The first two editions will be inter-leaved.

We shall appreciate hearing from anyone interested in this work. Please address GUTTAG BROTHERS.

\*\*\*\*\*

As much as we should like, it is impossible for us to list in our Bulletin even a small portion of our very large stock of coins. We accordingly issue "The Bulletin" as frequently as possible, offering something different with each number, so that we may interest not a few, but all. However, if you will write us, informing us the particular series you are collecting, or the special pieces you are anxious to obtain, we shall be glad to keep you posted as these coins arrive in stock.

"6000 VARIETIES"

While it is impossible for us to give you anything like a complete idea of what the book "Civil War Tokens and Tradesmen's Cards" by George Hetrich, M.D., and Julius Gutttag, contains, we shall endeavor to bring to your attention some of its features.

Over six thousand varieties of these very interesting coins are listed, and the names of over twelve hundred individuals and towns that issued these during the Civil War, are mentioned. The book contains sixteen plates with photographs of over 650 specimens. The photography was done by Mr. Edgar H. Adams, and those who have seen the Adams-Woodin Pattern Book know what very fine work Mr. Adams does.

It is safe to say that there is hardly a collector of American Coins who has not some of these interesting coins in his collection, and this book, therefore, should prove of interest to every collector of the American Series.

The matter has been indexed and cross-indexed. Take for example the card of S. H. Coleman, Juneau, Wisconsin; it will be found indexed as follows:

I.	Wisconsin	II.	S. H. Coleman
	Juneau		Juneau
	S. H. Coleman		Wisconsin

With this book at hand as a reference, a collector can readily classify his coins.

There will be three editions as follows:

- 1st. The Edition DE LUXE, numbered and limited to 25 copies, to cost about \$25.00 each.
- 2nd. A Cloth Bound Edition, to cost about \$7.50 per copy.
- 3rd. A Paper Covered Edition, to cost about \$4.00 per copy.

Note: The first two editions will be inter-leaved.

The book is now on the press. If interested please address GUTTAG BROTHERS.

Dear Sirs:-

With reference to your letter of December 27th, I am returning herewith the coins sent me on approval, which I do not want and my check for those that I have kept as noted on your bill enclosed.

I have been very much interested in looking over the proof sheets of your new coin book on South American coins and shall be glad to have a copy of it when it is published.

I am not particularly collecting the South American series and want only a few pieces from time to time to illustrate the types with very few exceptions only before 1864. I am not interested in patterns, nor am I collecting United States coins.

With best wishes,

Sincerely yours,

## COIN COLLECTIONS TO BE SHOWN HERE

Exhibitions at Six Places Arranged by Numismatic Association From Feb. 9 to 16.

BOTH NEW AND OLD PIECES

Interesting Tokens From the Ruhr Included—Displays Throughout Country.

Under the auspices of the American Numismatic Association a series of coin exhibitions will be held in about twenty cities during the week of Feb. 9 to 16. Moritz Wormser of 93 Fifth Avenue, President of the association, said yesterday that these exhibitions have been arranged not only to show a number of curious old coins of this and foreign countries, but also to demonstrate the value of numismatics in the study of history and economics.

In this city there will be six special exhibition centres during the coin week. They will all be held in the buildings of the Chatham and Phoenix National Bank. The largest exhibit will be at its main office, 140 Broadway, and the others at its five branches, respectively at Fifth Avenue and Thirtieth Street, Third Avenue and Fifty-seventh Street, Broadway and Eighteenth Street, Lenox Avenue and 125th Street, and Broadway and Howard Street.

Among the other cities at which coin exhibitions have been arranged are Rochester, Springfield, Mass.; Pittsburgh, San Francisco, Los Angeles, St. Louis, Davenport, Iowa; Cleveland, Chicago, Reno, Detroit, Newark, Hawthorne, N. J., and Brooklyn. In Chicago one of the exhibitions will be held in the rooms of the Chicago Historical Society and others will be in branch library buildings. There will also be several numismatic talks before the history classes in the boys' high schools. In Cleveland the exhibitions will be held in five different bank buildings.

"The coin exhibitions in the banking offices here," said Mr. Wormser, "will be in the main lobby, where they will be readily accessible to the public. The display will be contained in two large cases, holding about 400 coins in addition to early shipplasters, Colonial paper money and old bank notes. Each exhibition will be totally different, including samples of fractional currency, war medals, siege and emergency money, cut and counterstamped pieces, old English tokens, political medals, Civil War pennies and trade tokens and ..."

Each exhibition will be totally different, including samples of fractional currency, war medals, siege and emergency money, cut and counterstamped pieces, old English tokens, political medals, Civil War pennies and trade tokens and commemorative coins.

The finest example of new foreign money recently received by a few collectors in this country is the 100-lire gold piece just coined in Italy.

Czechoslovakia has also shown a tendency to abolish its currency on a gold basis by issuing two gold pieces of one and two ducats respectively. They bear the date 1923. The City of Hamburg has recently coined on the gold basis 5 and 10 pfennig coins and three curious coins have come from the Ruhr district. They are necessity pieces, struck in brass, one being for 50,000,000 marks, another for 100,000,000 marks, and the third for 200,000,000 marks.

The new Russian gold coin has also just appeared which was issued late last year. It supplants the ruble as standard currency, the new value being termed charvonets. The inscription is the Bolshevik motto, "Proletarians of the World, Unite."

Japan has recently coined a new half-yen piece with the inscription in Japanese characters, "Japan—12th year Taisho Dynasty." The interesting feature is that it is the first coin from Japan in several years which to all intents eliminates the English figure of value. In recent years the Japanese coinage, like the stamps from that country, have contained both the native and English figures of value, but the new coin is exclusively Japanese.

Mr. John W. Garrett,  
Garrett Building,  
Baltimore, Md.

Dear Sir:

We have just obtained a Pattern Territorial \$20.00 Gold Piece, in Commem. 1854, Kellogg and Company. This piece is listed in Adams Work 1894, although we was not sure whether the year was 1854 or 1894.

We find no record of this piece in any sale. If interested, we shall be pleased to submit this Pattern on approval at \$350.00.

Some very nice Roman Coins are included in our stock at present. Would you care to receive an assortment on approval?

Very truly yours,

JG:DL

Dear Sirs:

I am returning to you by registered mail,  
some of the coins in your last invoice and enclose my check  
for those that I am keeping.

In answer to your letter of May 2nd;  
although I am interested in some of the territorial pattern,  
I would not feel justified in paying anything approaching  
the price you mentioned for the Helleg 320 piece of 1854  
in copper.

Dear Sir:

We enclose herewith one set of 10 One  
Dollar coins, consisting of 5, 2, 1, and 2 United States,  
which for the set \$3.75.

three sets of what we desired.

We have your offer of \$10.00 for the set

about \$10.00 and if not more, we would  
be interested in purchasing your set for \$10.00.

Dear Sirs:

Referring to your letter of May 19th, I am returning the Danzig coins as I do not particularly care to have them nor shall I care to pay any such sum as \$50 for the Danzig gold piece. I am very much obliged to you for sending them to me.

I am leaving Baltimore in a few days and am going abroad shortly and shall not be back before November, so I shall be much obliged if you will not send me any more coins on approval until my return.

Very truly yours,

Before concluding deal for the  
 Work Corp (which is a pretty  
 poor specimen!) what you say  
 is more than of the Edward  
 duplication in evidence? I should  
 feel very much better satisfied

Dear Sirs:-

I have your letters of October 23rd,  
November 6th and 8th. It is not worth  
while to send me Greek coins on approval.  
If you have any specially fine specimens  
I should be glad if you would write me about  
them and I can then ask you to send me such  
pieces as I may care to look at.

I am sorry to say that the New  
Jersey Cent No. 79 of which you are anxious  
to obtain a photograph, is not in my col-  
lection.

Very truly yours,

JWG/S

Dear Sir:

In reference to your letter of November 17th, we are enclosing herewith a number of Rubbings of the Greek coins which we have on hand at the present time. It is needless to say that the rubbings do not do justice to the excellence of the pieces, and we are merely sending them to you as they will prove a better medium than a description.

The price of the coin is at the right hand corner of each rubbing.

Awaiting the pleasure of your wishes, we  
are,

Yours very truly,
